2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200;

GHS Hazard Symbols:

GHS Classification: Skin Sensitisation Category 1 **GHS Signal Word:** Warning **GHS Hazard Statements:** May cause an allergic skin reaction. **GHS Precautionary Statements: Safety Precautions:** Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. First Aid Measures: IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. Dispose of contents/container in accordance with Disposal: local/regional/national/international regulation for hazardous wastes. HOT Page 1 of 8 **FUDGE**

3. Composition/information on ingredients

Chemical Component:	CAS number and other unique identifiers	% (or range) of ingredient
Benzaldehyde, 3-ethoxy-4-hydroxy-	121-32-4	3 - 7
4H-Pyran-4-one, 2-ethyl-3-hydroxy-	4940-11-8	1 - 5
Benzaldehyde, 4-hydroxy-3-methoxy	121-33-5	0.5 - 1.5
Butanal, 3-methyl-	590-86-3	0.1 - 1
Benzene, 1,1"-	103-50-4	0.1 - 1
[oxybis(methylene)]bis-		

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

Eye Contact: Skin Contact: Inhalation: Ingestion:	Flush eyes with plenty of water for at least 20 minutes retracting eyelids often. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Get immediate medical attention. Wash with soap and water. This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure. No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS.	
Most important symptoms/effects, acute and delayed:		
Most important symptoms/effects (Acute):	No Data Available	
Most important symptoms/effects (Delayed):	No Data Available	
Indication of immediate medical attention and special treatment needed, if necessary:	No additional first aid information available	

5. Fire-fighting measures

Suitable (and unsuitable) extinguishing media:

Product Name: HOT FUDGE Product identifier: FRHOF Revision Date: 02-28-2021 Replaces:

Suitable extinguishing media: Unsuitable extinguishing media:	Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid. No Data Available
• •	chemical (e.g., nature of any hazardous combustion products):
Flammability Summary: Fire and/or Explosion Hazards: Hazardous Combustion Products: Special protective equipment	Combustible at elevated temperatures Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire. Carbon Oxides Do not enter fire area without proper protection including self-
and precautions for fire- fighters:	contained breathing apparatus and full protective equipment. Use methods for the surrounding fire.
6. Accidental release measures	
Personal precautions, protective equipment, and emergency procedures: Methods and materials for containment and cleaning up:	No health affects expected from the clean-up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section VIII of this MSDS No special spill clean-up considerations. Collect and discard in regular trash.
7. Handling and storage	
Precautions for safe handling: Conditions for safe storage, inclue	Mildly irritating material. Avoid unnecessary exposure. Jing any incompatibilities
Conditions for safe storage: Materials to Avoid/Chemical	Store in a cool dry place. Isolate from incompatible materials.

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available:

Chemical Component	ACGIH TLV-TWA	ACGIH STEL	OSHA PEL
No Data Available			

Appropriate engineering

No exposure limits exist for the constituents of this product. No

HOT FUDGE

Incompatibility:

Product Name: HOT FUDG Product identifier: FRHOF	E
Revision Date: 02-28-2021 Replaces:	-

controls:	engineering controls are likely to be required to maintain operator comfort under normal conditions of use.
Individual protection measures, su	ch as personal protective equipment:
Respiratory Protection: Eye Protection: Skin Protection:	No respiratory protection required under normal conditions of use. No special requirements under normal industrial use. Not normally considered a skin hazard. Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work.
Gloves:	No information available
Respiratory Protection:	No respiratory protection required under normal conditions of use.

9. Physical and chemical properties

Appearance (physical state, color, etc.):

Appearance (physical state):	Liquid
	Liquid
Color:	Very pale yellow
Odor:	Comparable to Standard
Odor threshold:	Not determined
pH:	Not Available
Initial Boiling Point and Boiling Range (°C):	No Data Available
Flash Point :	> 200 º F
Evaporation Rate:	Not Available
Flammability (solid, gas):	No Data Available
Upper/lower flammability or explosive limits	:
Upper Flammable/Explosive Limit:	Not Available
Lower Flammable/Explosive Limit:	Not Available
Vapor Density:	> 1
Relative Density:	0.9475
Solubility(ies):	Soluble in water- No
Auto-ignition Temperature (°C):	> 400 º C
Decomposition Temperature::	284
Viscosity:	No Data Available
Volatiles, % by weight	0.91
Volatile Organic Chemicals	No Data Available
Bulk Density	7.911

10. Stability and reactivity

Reactivity: Chemical stability: Possibility of hazardous reactions: No Data Available Stable under normal conditions. No Data Available

HOT FUDGE

Product Name: HOT FUDGE Product identifier: FRHOF Revision Date: 02-28-2021 Replaces:

Conditions to avoid (e.g., static discharge, shock, or vibration):	Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition.
Incompatible materials: Hazardous decomposition products:	Strong oxidizing agents Strong bases Carbon Oxides

11. Toxicological information

Information on the likely routes of exposure (inhalation,	No Data Available
ingestion, skin and eye contact):	
Symptoms related to the physical, chemical and	No Data Available
toxicological characteristics:	
Target Organs Potentially	No Data Available
Affected by Exposure:	
Chemical Interactions That	None Known
Change Toxicity:	

Delayed and immediate effects and also chronic effects from short- and long-term exposure:

Immediate (Acute) Health Effects by Route of Exposure:

Inhalation Irritation:	No data.
Skin Contact:	No data.
Eye Contact:	No data.
Ingestion Irritation:	No Data Available

Long-Term (Chronic) Health Effects:

Carcinogenicity:	None of the substances have been shown to cause cancer in long term animal studies. Not a carcinogen according to NTP, IARC, or OSHA.
Reproductive and	No data available to indicate product or any components present at greater than
Developmental Toxicity:	0.1% may cause birth defects.
Mutagenicity:	No data available to indicate product or any components present at greater than
	0.1% is mutagenic or genotoxic.

Numerical measures of toxicity (such as acute toxicity estimates) Component Toxicology Data

Chemical Component	Oral LD50	Dermal LD50	Inhalation LC50
No data available

Bioaccumulative potential:	No Data Available
Mobility in soil:	No Data Available
Other adverse effects (such as	No Data Available
hazardous to the ozone layer):	

13. Disposal considerations

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging

Description of waste residues:	Spent or discarded material is not expected to be a hazardous waste.
Safe Handling of Waste: Waste treatment methods (including packaging):	No Data Available DO NOT DUMP INTO ANY SEWERS, ON THE GROUND, OR INTO ANY BODY OF WATER. All disposal practices must be in compliance with all Federal, State/Provincial and local laws and regulations. Regulations may vary in different locations. Waste characterizations and compliance with applicable laws are the sole responsibility of the waste generator. As your supplier, we have no control over the management practices or manufacturing processes of parties handling or using this material. The information presented here pertains only to the product when used as intended, according to this MSDS. For unused and uncontaminated product, the preferred options include sending to a licensed and permitted incinerator or other thermal destruction device. Various federal, state or provincial

agencies may have specific regulations concerning the
transportation, handling, storage, use or disposal of this product
which may not be covered in this MSDS. The user shall have to
review these regulations to ensure full compliance with all
applicable regulations.

14. Transport information

US DOT Ground Shipping	Not Restricted

2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200:

GHS Hazard	No hazard
Symbols:	symbols
	required

GHS Classification:

Not classified as hazardous in accordance with OSHA HCS 2012

Hazards not otherwise classified:

None Known

3. Composition/information on ingredients

Chemical Name	Common name and synonyms	CAS #	%
Benzaldehyde, 4-hydroxy-3- methoxy	None	121-33-5	1 - 5
Benzaldehyde, 3-ethoxy-4- hydroxy-	None	121-32-4	1 - 5
1,3-Benzodioxole-5- carboxaldehyde	None	120-57-0	0.1 - 1

Product identifier used on the label: CHOCOLATE CHIP COOKIE Stock Number: FRCCK Revision Date: 12-07-2020 Replaces: None

One or more hazardous ingredient(s) is claimed as a trade secret under the OSHA Hazard Communication Standard. The hazards of this (these) ingredient(s) are given on this SDS.

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

Inhalation:	This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure.
Eye Contact:	Flush eyes with plenty of water for at least 20 minutes retracting eyelids often. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Get immediate medical attention.
Skin Contact:	Wash with soap and water.
Ingestion:	No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS.
Most important symptoms/effects, acute and delayed:	No Data Available
Indication of immediate medical attention and special treatment needed, if necessary:	None Known

5. Fire-fighting measures

Suitable (and unsuitable) extinguishing media:

Suitable extinguishing media:	Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid.
Unsuitable extinguishing media:	None Known
Specific hazards arising from the chemical:	Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire. Combustible at elevated temperatures
Hazardous combustion products:	Carbon Oxides
Special protective equipment and precautions for fire-fighters:	Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment.

Product identifier used on the label: CHOCOLATE CHIP COOKIE Stock Number: FRCCK

Revision Date: 12-07-2020 Replaces: None

6. Accidental release measures	
Personal precautions, protective equipment and emergency procedures:	No health affects expected from the clean-up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section VIII of this MSDS
Methods and materials for containment and cleaning up:	No special spill clean-up considerations. Collect and discard in regular trash.
7. Handling and storage	
Precautions for safe handling:	Mildly irritating material. Avoid unnecessary exposure.
Conditions for safe storage, including any incompatibilities: Safe storage conditions:	Store in a cool dry place. Isolate from incompatible materials.
Materials to Avoid/Chemical Incompatibility:	Strong oxidizing agents, Strong bases

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available:

Chemical component	OSHA PEL	ACGIH TLV	ACGIH STEL	IDLH
No Data Available				

Appropriate engineering controls: General room or local exhaust ventilation is usually required to meet employee exposure standards and/or to ensure employees are not overexposed to airborne material as described in Section III.

Individual protection measures, such as personal protective equipment:

Respiratory Protection:	No Data Available
Eye protection:	Wear safety glasses with side shields and a Face shield
Skin protection:	Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work.
Gloves:	No information available
General hygiene conditions:	No Data Available

Classification of the che GHS Hazard Symbols:	mical in accordance with paragraph (d) of §1910.1200;
GHS Classification:	Hazardous to the aquatic environment - Acute Category 1; Hazardous to the aquatic environment - Chronic Category 2; Acute Toxicity - Oral Category 4
GHS Signal Word:	Warning
GHS Hazard	Harmful if swallowed.; Very toxic to aquatic life.; Toxic to aquatic life with long lasting effects.
GHS Precautions:	
Safety Precautions:	Wash thoroughly after handling. Do no eat, drink or smoke when using this product. Avoid release to the
ourory resolutions.	environment.
First Aid Measures	IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Collect
(Response):	spillage.
Disposal:	Dispose of contents/container in accordance with local/regional/national/international regulation for hazardous wastes.

III. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name

	5	Revision Date: 09-11-20
Benzoic acid, phenylmethyl ester	120-51-4	60 - 99
Benzaldehyde, 4-hydroxy-3-methoxy	121-33-5	1 - 5
Benzaldehyde, 3-ethoxy-4-hydroxy-	121-32-4	1 - 5
2H-1-Benzopyran-2-one	91-64-5	0.1 - 1
1,3-Benzodioxole-5-carboxaldehyde	120-57-0	0.1 - 1

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret is required.

IV. FIRST-AID MEASURES

Inhalation:	This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure.
Eyes:	Flush eyes with plenty of water for at least 20 minutes retracting eyelids often. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Get immediate medical attention.
Skin Contact:	Wash with soap and water.
Ingestion:	No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS.
Most important	
symptoms and effects - acute	No Data Available
Most important	
symptoms and effects - chronic	No Data Available
Notes to Doctor:	No additional first aid information available

V. FIRE FIGHTING MEASURES

<u>Flammability Summary:</u> Extinguishing Media:	Combustible at elevated temperatures Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid.
Extinguishing Media advised against:	No Data Available
Fire and/or Explosion Hazards:	Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.
Fire Fighting Methods and Protection:	Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment.
Hazardous Combustion Products:	Carbon Oxides
VI. ACCIDENTAL RELEASE MEASURES	
Personal Precautions and Equipment:	No health affects expected from the clean-up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section VIII of this MSDS
Methods for Clean-up:	No special spill clean-up considerations. Collect and discard in regular trash.

VII. HANDLING AND STORAGE

Handling Technical Mease Storage Technical Measu Materials to Avoid/Chem VIII. EXPOSURE CONTROLS	res and Conditions: ical Incompatibility:	Mildly irritating material. Avoid unnecessary exposure. Store in a cool dry place. Isolate from incompatible materials. Strong oxidizing agents Strong bases Strong reducing agents
Engineering Measures:	•	t for the constituents of this product. No engineering controls d to maintain operator comfort under normal conditions of use.
Respiratory Protection: Skin Protection:	Not normally considere good personal hygiene water before eating, du	on required under normal conditions of use. ed a skin hazard. Where use can result in skin contact, practice . Wash hands and other exposed areas with mild soap and rinking, and when leaving work.

Spent or discarded material is not expected to be a hazardous waste. No Data Available

CUPCAKE

Disposal Methods:

Revision Date: 09-11-20

DO NOT DUMP INTO ANY SEWERS, ON THE GROUND, OR INTO ANY BODY OF WATER. All disposal practices must be in compliance with all Federal, State/Provincial and local laws and regulations. Regulations may vary in different locations. Waste characterizations and compliance with applicable laws are the sole responsibility of the waste generator. As your supplier, we have no control over the management practices or manufacturing processes of parties handling or using this material. The information presented here pertains only to the product when used as intended, according to this MSDS. For unused and uncontaminated product, the preferred options include sending to a licensed and permitted incinerator or other thermal destruction device. Various federal, state or provincial agencies may have specific regulations concerning the transportation, handling, storage, use or disposal of this product which may not be covered in this MSDS. The user shall have to review these regulations to ensure full compliance with all applicable regulations.

Notes to Doctor:	No addition	nal first aid information available	
V. FIRE FIGHTING MEASURES	<u> </u>		
<u>Flammability Summary:</u> Extinguishing Media:		Combustible at elevated temperatures Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid.	
Extinguishing Media advise Fire and/or Explosion Haza		No Data Available Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.	
Fire Fighting Methods and I	Protection:	Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment.	
Hazardous Combustion Pro	ducts:	Carbon Oxides	
VI. ACCIDENTAL RELEASE ME	ASURES		
Personal Precautions and E	quipment:	No health affects expected from the clean-up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section VIII of this MSDS	
Methods for Clean-up:		No special spill clean-up considerations. Collect and discard in regular trash.
